Duties will include but are not limited to:

- Collaborating with physicians, other health care professionals and patients to promote optimal, patient centered care
- Provide individual patient assessments to identify, prevent, and resolve medication-related problems
- Provide pharmaceutical consultation, pharmacotherapy monitoring, education/teaching and medication information
- Support health promotion, disease prevention and chronic disease management
- Program development and leadership for the SCFHT INR program.

The successful applicant will have the following qualifications/experience:

- Be able to work in an interdisciplinary team environment
- Be able to prioritize and be flexible in a very active work environment
- Demonstrate expertise in practicing pharmaceutical care, problem solving and critical thinking
- Pharmacy degree from an accredited university
- Must be in good standing with the regulatory body
- Valid professional liability insurance is required
- Additional training or credentialing in pharmacotherapy, evidence-based medicine or pharmaceutical care is considered an asset (e.g., Board of Pharmacy Specialties, Certified Diabetes Educator, ADAPT, INR, Certified Respiratory Educator)

The Sunset Country Family Health Team offers a competitive compensation package.
